NUMBER 281

VOLUME 5

## "LATELY FROM TEXAS"

Austin, Feb. 20.—Killed—by House, bill giving Judges right to suspend operation of county auditor law in any county.

Resurrected—By senate, Senator Coker's bill to establish chair of homeopathy in state medical university. Bill passed authorizes regents to establish it.

Senate provides for investigation of anti-lobby charges. Finally passes Stokes bill to establish tubercular sanitarium, and Senter's bill giving Corporation Courts concurrent jurisdiction with County Courts. Also finally passed House bills reducing circus tax, heavily liquor dealers' license, heavily taxing solicitors for liquor in local option territory.

House finally passed House bill providing for teaching agriculture in Normal schools, also the Senate bills passed to third reading yesterday. Sets Robertson insurance bill for Tuesday. Accepts invitation to visit Laredo. Refuses to investigate charge that legislators have gambled. Differential bill is reported unfavorably.

### Foxy Francis.

The Holdenville Times says all that is needed to bring the Frisco division point to that town is to keep it fresh in the minds of the people. We recommend the following recipe to keep the matter fresh. Take one location exactly midway between Sapulpa, Okla., and Sherman, Tex., add to it an unlimited and easily obtained supply of soft water. Mix thoroughly and suspend the matter in the mixture. Then shake well under the noses of Frisco officials.

This simple preparation has been successfully used at Francis and doubtless would produce results at Holdenville, provided the right kind of ingredients can be obtained. Francis Wigwam.

### Governor Too Busy Now.

Guthrie, Ok., Feb. 18.—In the United States Circuit Court today Gov. C. N. Haskell had continued the case brought against him by Bailey and Bailey of Ottawa, Ohio, to recover \$8,000 for damages they allege in representing Haskell in Ohio courts, principally in cases resulting from railroad accidents. Haskell alleged that as governor, with the legislature in session, he has not time to attend to his private affairs and that the Bailey case necessitates a vast research of documents and records in various portions of the United States.

Geo. Dukes, charged with assault to kill, waived preliminary trial and was bound over on two thousand dollar bond.

## FARMERS STATE CONVENTION

After One of the Most Important Meetings Ever Held Farmers State Meeting Adjourned.

Shawnee, Feb. 19.—(Special)—After two full days of spirited debate, the delegate convention of the Oklahoma Farmers' Union, in session at Shawnee, adjourned last night without having taken definite action on a storing and shipping plan. The Tennessee plan was, however, turned down. Motion to adopt this plan was substituted by a motion to refer to a committee the entire question, to report at the state meeting in March.

The convention just closed is considered one of the most important ever held by the union. The grain men were much in evidence, and the debate concerning cotton warehouses was interrupted by question as to what about grain and broom corn warehouses. Grain and broom-corn growers from the northern and central parts of the state caucused repeatedly during the convention with the result that, as one member of the executive board put it, "We went further at this meeting than we ever did before. We went clear to the north side of the state with grain elevators and also have assured the broom-corn men that we will look after them. The Oklahoma Farmers' Union will no longer be a 'cotton growers' union, as it has been often considered, but the grain men will get the same consideration as do the cotton men."

At the closing session, President Garrison, giving away under the strain of long hours work holding the delegates to parliamentary, left the chair and Vice President Smith was presiding when the meeting adjourned. President Garrison asserts that the meeting was a most important one. "It cannot help but do the union an immense amount of good," said he last night. "The debate was long and at time very warm, but always good-natured. Everybody kept their tempers and went very fully into the subjects discussed."

The committee to consider storing and shipping plans, to report at the state convention held the third Tuesday in August, is headed by J. A. West of Pauls Valley, formerly president of the Farmers' Union of Oklahoma. Until that committee reports the plan with Galveston will remain in force. The reason for such action appears to be that the growers decided that it would be best to more fully examine the Tennessee plan before adoption, even if it were desirable to adopt it at all. "We have been stung before," remarked a delegate "and now we want to take plenty of time to look for the stinger before handling any proposition." This appeared to be the sentiment of a majority of the delegates.

To supply the vacancy on the board caused by the resignation several months ago of Hebworth of Coal county, Warren Moore of Tupelo was elected.

Legislative questions reported favorably by committees last night and handed to the legislative committee in the form of resolutions, were as follows:

Consolidation of district schools. House bill No. 86, on usury. House bill, by Clark, providing for loaning of school and other educational funds of the state.

A graduated land tax bill, assessing the first \$500 worth over 200 acres an additional tax of 10 per cent; the second \$500 worth 20 per cent, and so on in this ratio, excepting, however, Indian allotments still held by allottee, but not excepting land held under lease contracts.

A bill allowing a lien of 50 per cent of value on stock for which feed is furnished, to pay for same, instead of 25 per cent as at present.

Each member is urged to write to the legislators from his district a personal letter, to assist in the work of the legislative committee.

### RULES OF PRIMARY.

The Central Democratic committee of the city of Ada pursuant to the direction of the Ada Democratic Club met this the 20th day of February, 1909 and organized by the selection of W. C. Lee, chairman and W. B. Jones, secretary, and proceeded to the transaction of the business essential to the proper arrangement for a legal Democratic primary.

This committee informs the public that the following test be presented to each citizen offering to vote in the spring Democratic primary. "I am a Democrat and agree to support the nominees of this primary election."

It is further recommended that the candidates for Mayor, City Attorney, Police Judge, Street Commissioner, City Clerk and City Assessor pay all expenses incident to the Democratic primary election and that the payment of a pro rata amount of the expenses will be essential to securing the printing of name on primary ticket.

Chairman of committee was directed to act as treasurer to receive fees from candidates.

## SENTE COMMITTEE DESIRES TO SEAT

SENATOR RODDIE MAKES MINORITY REPORT RECOMMENDING THAT HURST, (DEM.) BE SEATED.

Guthrie, Okla., Feb. 18.—The senate committee on privileges and elections this afternoon by a vote of 6 to 3 recommended the seating of Frank L. Warren (rep.) contestant in the Okfuskee-Hughes district, and the unseating of Homer S. Hurst (dem.) who now occupies the seat from that district. The members of the committee who voted for Warren were Davis, Billups, Taylor, Redwine, Hatchett and Potter; for Hurst were Allen, Roddie and Moore. The final disposition of the matter by the senate was set for next Monday at 2 o'clock.

The contest arose over the fact that Warren's name was printed as "Warner" in the official ballot of one of the counties. While he received a clear majority Hurst was given the certificate of election on the ground that he received more votes than either Warren or "Warner."

## UNITED STATES SENATORS CLASH

PENROSE, THE OLD REGULAR, THROWS IT INTO LA FOLLETTE THE INSURGENT.

### AN ACRIMONIOUS REPLY

Against His Course and Vulgar Assault I Put My Record.

Washington, Feb. 18.—Fiercely speaking, Senator Penrose picked up Senator La Follette this afternoon and spanked him because of his dilatory tactics during the consideration of the postoffice appropriation bill. Senator Penrose was in charge of the bill by virtue of being chairman of the committee whence it came into the senate.

Senator La Follette started out by asking that the bill be allowed to go over till tomorrow. He said he did not have time to read it. This request being denied, he demanded that the bill be read in extenso and when this had been done he punctuated the re-reading of every paragraph with a question.

Penrose is Aroused. This finally exasperated Senator Penrose and then he "lit into" the Wisconsin reformer. Taking cognizance of the fact that Senator La Follette's course in obstructing the passage of appropriation bills is prompted by the dissatisfaction of himself and his followers with their committee assignments, Senator Penrose declared that Senator La Follette rarely attended the meetings of these committees of which he is a member, and he observed that until Senator La Follette learned to be more diligent in the discharge of his senatorial duties, it would perhaps not be wise to promote him.

Then he wound up by disclosing that he was tired listening "to arguments that better become a vendor of patent medicines from the tail end of a cart in a remote village of Wisconsin than they do the deliberation of the senate."

### Senator La Follette Replies.

There was laughter on the floor and in the galleries applause. Senator La Follette gasped. It was manifest that most of the Senators' sympathy was with Senator Penrose. Senator La Follette seemed conscious of that for in replying his manner as well as his words, lacked the aggressiveness that usually characterizes it.

The colloquy was rendered almost

tragic by the angry tones and fiery attitude assumed by the Senator from Pennsylvania as he denounced the Senator from Wisconsin, who stood quietly at his place on the other side of the chamber staring back at his big antagonist.

Standing in his place in silence for a few seconds after Senator Penrose had concluded, Senator La Follette looked intently toward the Senator from Illinois.

## DURANT IS SITE OF NORMAL ADA CONTESTS BUT IN VAIN

### RATLIFF AND DURANT FIGHT FOR HOME TOWNS.

### DEBATES ARE LIMITED

Appropriation for Southeastern School Is Cut to \$75,000—Long General Revenue Bill Engages Attention of House Almost All Day.

The above heading and the following article is a replica of the full report of the ~~Ada~~ Durant normal contest occurring in the house of the legislature Thursday afternoon:

Nothing exciting marked the fight between Durant and Ada, in the location of the Southeastern normal, created by the Durant-Ewell house bill No. 25, which went through to final passage in the house yesterday afternoon.

The contest was no more than an agreement, each side signing the articles and the mill began.

Ratliiff moved to strike out the word Durant, where it occurred in the bill and insert the word Ada. To expedite the passage both sides agreed that instead of offering an amendment each time of the word Ada, that one amendment would suffice and the supporters of the Durant in the house agreed.

Debates were limited to reconsider, which Durant moved the sections.

Section 3, appr the school and f the amendmen' seconded.

of passage to final reading was pronounced, McCalla, Durant and Huddleston crying for recognition, sprang to their feet.

McCalla said that this was the second and when Chairman Harrison called time Ratliiff opened the battle by espousing the claims of Ada for the place.

Durant followed with a short plea for his home city, and Tate, in a few words, closed the argument. Ewell, one of the authors of the bill declined the honor of speaking to the cause and moved to vote on the question of amending the bill to read Ada instead of Durant. Ratliiff lost and a motion and time he had been placed in the position of asking for recognition and he demanded it.

Tillotson, seeing he was beaten, asked a compromise recognition and made the motion. McCalla intended to make, had he been recognized, "to reconsider and lay the motion on the table." This put the bill away for the present, where the enemies' arrows cannot touch it.

Almost the entire day was consumed with house bill No. 167, the revenue bill. The original printed bill covers 117 pages, and there are committee amendments to it.

### Afternoon Papers Best.

In the San Francisco Bulletin of January 23 there appeared an interview with Walter Grace, the head of the publicity department or one of Chicago's largest department stores.

From an advertising standpoint—a matter which he must have considered well, since his employers pay him \$15,000 a year—he has already made his decision in connection with evening papers. He says:

"The house I represent would never think of giving preferential advertising to a morning paper.

"The evening papers get to the homes at the right time for careful perusal, and practically fill all the needs of the progressive advertiser.

"Offhand, I should say our evening space is 60 per cent more than morning space, and at times, on special drives, we confine our publicity solely to the evening press.

"We have found it the logical medium.

"Throughout the East the evening papers are the leaders in advertising copy simply because they are the leaders in bringing results."

## NOT A BIT OF IT.

The city of Ada, by no means regards that it has lost the location of the Southeastern State Normal. It continues to believe in the justness of its cause and the ability and integrity of the majority of the entire legislature.

At first blush, it would appear on the face that Durant has secured a decided advantage over Ada in the normal contest through the victory it achieved by republican duplicity on yesterday in the House of the legislature, but a careful scrutiny in to the logic of the situation which confronts the completion of that part of the public building legislation already passed on in the house and the knowledge of the temper of the organizations of the legislature and probably the administration on account of the republican program of the house being responsible for Durant's victory over Ada, affords a stable confidence that final windup of the public building location deal will not be unsatisfactory to Ada.

Even if the city of Ada and Pontotoc county did not consider from the standpoint of practical security, that it was worth the whistle to fight to the last ditch for the location of the Southeastern State Normal, it would be foolish for other substantial reasons to consider seriously, for a moment, the probability of weakening to the smallest degree.

The city of Ada and this county are commercial and political units to be reckoned with and the state should be afforded full information that there is no such word as "laydown" in our dictionary of practical daily usages.

## DEMOCRATIC ELECTION HAS BEEN ORDERED

On Thursday Feb. 18, 1909, at 8 o'clock p. m. pursuant to previous call, the Democratic Club of the City of Ada, met at the County Court House.

The House was called to order by former vice president of the club, J. Little.

D. W. Swaffar was elected temporary secretary.

By a motion the Club elected officers for the ensuing year which resulted in the election of the following officers:

President, L. J. Little; vice president, W. B. Jones; Secretary, D. W. Swaffar; Sargent of Arms, Hon. Jno P. Crawford.

Motion by Crawford, and was carried that a committee of five be appointed, consisting of one from each of the four wards, and the president to be a member of said committee; and that said committee be instructed to call a democratic primary election for the purpose of electing candidates for the various offices of the City of Ada. The committee retired and ignored him.

## OKLAHOMAN REPORT

This Dope Writer Says Vote was Non-Partisan—Above Political Thought—Rats.

Guthrie, Okla., Feb. 18.—Like a well organized and drilled army the forces in the lower house behind the movement for the immediate location of several public institutions won another victory today and passed to third reading and final passage the bill by Durant of Bryan county locating the Southeastern normal at Durant. The bill was passed by a pre-arranged plan between the Durant advocates and the Ada forces, the only competitor of the southeastern city for the normal, to fight the matter out squarely on the floor. The decisive vote stood 60 to 41.

The bill carried an appropriation of \$100,000 but on motion of Durant this was cut to \$25,000. This is believed to have resulted from the plan or "slate" made by which eleven institutions are to be located with small appropriations.

It had been arranged by the Ada and Durant forces that the Southeastern normal bill should come up at 3 o'clock. Promptly at that time, E. S. Ratliiff of Pontotoc, leader in the fight for Ada, moved that the bill by Durant of Bryan, locating the normal at Durant, be taken up. Durant, seconded. The motion carried and debate

was limited to one hour. The bill was read, and Huddleston of Pontotoc substituted Ada for Durant. Ratliiff seconded. Speeches were made, and on motion of Ewell of Bryan to table Huddleston's substitute the decisive vote was taken, showing that Durant had 60 votes.

As on the final passage of the Chickasha bill yesterday the recognized house leaders, Tillotson, Dunn, Ross, Harrison and others voted against the location, and the Durant-McCalla combination is clearly in control of the public buildings matter.

As yesterday, also a large number of the republicans voted for Durant, indicating that the public buildings location has risen for the moment above politics.

Previous to the vote to table, Ratliiff opened the debate for Ada. He contended that Ada is nearer the center of population of the southeastern part of the state than Durant, which he declared, was in a better position to ask for a state normal from Texas as it is only sixteen miles from Texas line. He also stated that Ada is 1,100 feet above sea level, Durant 700 and offered to furnish brick at cost for the construction of the building.

L. Rosenfield returned today from St. Louis markets, where he purchased a large stock of spring and summer goods. Mrs. Rosenfield and Miss Adams, will remain in that city for several days.

If you troubled with (blue devils) the Harry Scott Co. guarantees a cure in their musical farce, "New Husband," which is to be presented Saturday night April 20th at the Ada Opera house. No one who has seen the full grown man who attempts to pass as a boy in the care of a tudent who afterwards marries the man whose son he so cleverly impersonates, can suppress the laughter occasion evokes, and he is only of half a score of mirth provoking characters that rush through the scenes of the piece. **Mrs. McKinley Entertained.**

The Kill Kare Klub and a few invited guests were entertained Thursday afternoon by Mrs. John McKinley at the pretty home of Mrs. C. H. Rives. Forty-two was played, there being five tables.

The musical selections rendered by Mesdames McKinley and Rives added much pleasure to the afternoon's entertainment. A dainty salad course was served.

Those present, not members of the club were: Mesdames Beck, Neathery, Tobin, Wintersmith, C. Frierson and Mrs. Mitchem from Greenville, Tex.

It is hard work to lead a man into the sort of temptation that doesn't promise him anything.

## SENATE DELAYS CONSIDERATION

ALL OTHER MEASURES OF STATE  
IMPORTANCE FIRST.

## AGREEMENT IS REACHED

Solons Believe Location of Institutions to Be Small Matter Compared With Other Problems Now Before Legislature.

Not until all the other bills that are of state wide importance are considered will there be any public building measures acted upon by the senate.

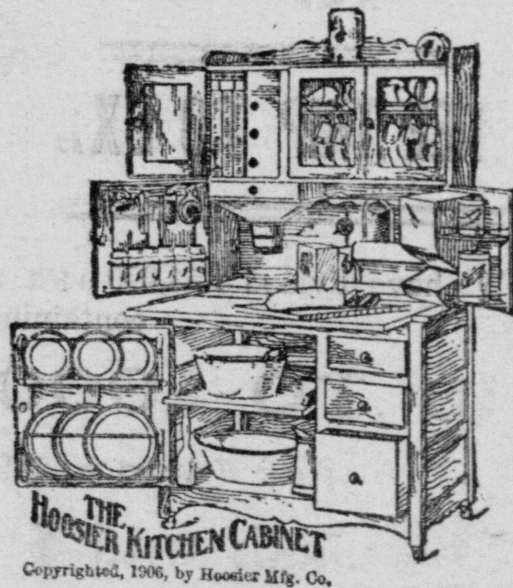

This was the agreement reached yesterday by the members.

With the belief that there is a vast number of bills that will affect the citizens of the state more than the locating of these buildings and that it is their duty to attend to these wants before acting upon minor matters, the members of the upper house have taken the stand against location.

If there is time after these important bills have been passed upon the buildings will have a show and there may possibly be a few days hold over session, which favors their chances, but if not and time is short then the bills go by the wayside for the present.

Austin Feb 20—Killed—by House bill giving J. L. S. right to suspend operation of county auditor law in any county.

Result—By a vote of 100 yeas and 10 nays, the House passed a bill to establish chair of homeopathy in state medical university. Bill passed authorizes regents to establish it.

Senate provides for investigation of anti-lobby charges. Finally passes Stokes bill to establish tuberculosis sanatorium and Sater's bill giving Corporation Courts concurrent jurisdiction with County Courts. Also finally passed House bill reducing circuit tax heavily liquor dealers for license heavily taxing solicitors for liquor in local option territory.

House finally passed House bill providing for teaching agriculture in Normal schools also the Senate bills passed to third reading yesterday. Sets Robertson insurance bill for Tuesday. Accepts invitation to visit Laredo. Refuses to investigate charge that legislators have gambled. Differential bill is reported unfavorably.

### Foxy Francis.

The Holdenville Times says that it is needed to bring the Frisco division point to that town is to keep it fresh in the minds of the people. We recommend the following recipe to keep the matter fresh. Take on location exactly midway between Sapulpa Okla. and Sherman Tex. add to it an unlimited and easily obtained supply of soft water. Mix thoroughly and suspend the matter in a mixture. Then shake well under the noses of Frisco officials.

This simple preparation has been successfully used at Frisco and doubtless would produce results at Holdenville provided the right kind of ingredients can be obtained—Francis Wigwam.

### Governor Too Busy Now.

## FARMERS STATE CONVENTION

### After One of the Most Important Meetings Ever Held Farmers State Meeting Adjourned.

Shawnee Feb 19—(Special)—After two full days of spirited debate the delegate convention of the Oklahoma Farmers Union in session at Shawnee adjourned last night without having taken definite action on a storing and shipping plan. The Tennessee plan was however turned down. Motion to adopt this plan was substituted by a motion to refer to a committee the entire question to report at the state meeting in March. The convention just closed is considered one of the most important ever held by the union. The grain men were much in evidence and the debate concerning cotton warehouses was interrupted by question as to what about grain and broom corn warehouses. Grain and broom corn growers from the northern and central parts of the state caucused repeatedly during the convention with the result that as one member of the executive board put it: "We went further at this meeting than we ever did before. We went clear to the north side of the state with grain elevators and also have assured the broom corn men that we will look after them. The Oklahoma Farmers Union will no longer be a cotton growers union as it has been often considered but the grain men will get the same consideration as do the cotton men."

At the closing session, President Garrison giving away under the strain of long hours work holding the delegates to parliamentary left the chair and Vice President Smith was presiding when the meeting adjourned. President Garrison asserted that the meeting was a most important one. "It cannot help but do the most in immediate amount of good," said he last night. "The debate was long and it time very warm but it was soundly argued. I especially liked the arguments and went very fully in to the subjects discussed."

The committee to conduct storing and shipping plans to report at the state convention held the third Tuesday in August is headed by J. A. West of Pauls Valley formerly president of the Farmers Union of Oklahoma. Until that committee reports the plan with Galveston will remain in force. The reason for such action appears to be that the growers decided that it would be best to more fully examine the Tennessee plan before adoption even if it were desirable to adopt it at all. We have been stung before remarked a delegate, and now we want to make plenty of time to look for the singer before handling any proposition. This appeared to be the sentiment of a majority of the delegates.

To supply the money on the board caused by the resignation several months ago of Helworth of Coal county Warren Moore of Tupelo was elected.

Legislative questions reported favorably by committees last night and handed to the legislative committee in the form of resolutions were as follows:

Consolidation of district schools  
House bill No 86 on usury  
House bill by Clark providing for loading of school and other educational funds of the state

A graduated land tax bill, assessing the first \$500 worth over 300 acres an additional tax of 10 per cent; the second \$500 worth 20 per cent, and so on in this ratio, excepting, how-

ever Indian allotments still held by allottee but not excepting land held under lease contracts.  
A bill allowing a lien of 50 per cent of value on stock for which feed is furnished to pay for same instead of 20 per cent as at present.  
Each member is urged to write to the legislators from his district a personal letter to assist in the work of the legislative committee.

### RULES OF PRIMARY.

The Central Democratic committee of the city of Ada pursuant to the direction of the Ada Democratic Club met this morning at 10 o'clock for the purpose of organizing the selection of W. C. Lee chairman and W. D. Jones, secretary and proceeded to the transaction of the business essential to the proper arrangement for a legal Democratic primary.

This committee informs the public that the following test be presented to each citizen offering to vote in the spring Democratic primary. I am a Democrat and I agree to support the nominees of this primary election.

It is further recommended that the candidates for Mayor, City Attorney, Police Judge, Street Commissioner, City Clerk and City Assessor pay all expenses incident to the Democratic primary election and that the payment of a pro rata amount of the expenses will be essential to securing the printing of name on primary ticket.

Chairman of committee was directed to act as treasurer to receive fees from candidates.

## SENTE COMMITTEE DESIRES TO SEAT

### SENATOR RODDIE MAKES MINORITY REPORT RECOMMENDING THAT HURST, (DEM.) BE SEATED.

Guthrie, Okla. Feb 18—The senate committee on privileges and elections this afternoon by a vote of 6 to 3 recommended the seating of Frank L. Warren (rep) contestant in the Oklahoma-Hughes district and the unseating of Homer S. Hurst (dem) who now occupies the seat from that district. The members of the committee who voted for Warren were Davis Billups, Taylor, Redwine, Hatchett and Potter. For Hurst were Allen Roddie and Moore. The final disposition of the matter by the senate was set for next Monday at 2 o'clock.

The contest arose over the fact that Warren's name was printed as Warner in the official ballot, one of the counties. While he received a clear majority Hurst was given the certificate of election on the ground that he received more votes than either Warren or Warner.

## UNITED STATES SENATORS CLASH

### PENROSE, THE OLD REGULAR, THROWS IT INTO LA FOLLETTE THE INSURGENT.

### AN ACRIMONIOUS REPLY

#### Against His Course and Vulgar Assault I Put My Record.

Washington Feb 18—Highly spirited speaking Senator Penrose picked up Senator La Follette this afternoon and spanked him with a series of diatribe tactics during the consideration of the postoffice appropriation bill. Senator Penrose was in charge of the bill by virtue of being chairman of the committee which reported into the senate.

Senator La Follette started out by asking that the bill be allowed to go over till tomorrow. He said he must have heard it and this request being denied he demanded that the bill be read in extra session when he had been done he punctuated the re-reading of every phrase with a question.

Penrose is Aroused.  
This finally exasperated Senator Penrose and then he lit into the Wisconsin reformer. Taking cognizance of the fact that Senator La Follette's course in obstructing the passage of appropriation bills is prompted by the dissatisfaction of himself and his followers with their committee assignments Senator Penrose declared that Senator La Follette rarely attended the meetings of these committees of which he is a member and he observed that until Senator La Follette learned to be more diligent in the discharge of his senatorial duties it would perhaps not be wise to promote him.

Then he wound up by disclosing that he was tired listening to arguments that better become a vendor of patent medicines from the tail end of a cart in a remote village of Wisconsin than they do the floor of the senate.

### Senator La Follette Replies.

There was a light on his floor and in the galleries applause. Senator La Follette gasped it was manifest that most of the Senators sympathy was with Senator Penrose. Senator La Follette seemed conscious of that fact in replying his manner is well as his words lacked the aggressiveness that usually characterizes it.

The colloquy was rendered almost

Appropriation for Southeastern School  
Is Cut to \$75,000—Long, General  
Revenue Bill Engages Atten-  
tion of House Almost  
All Day.

The above heading and the follow-  
ing article is a replica of the full re-  
port of the ~~normal~~ normal con-  
test occurring in the house of the  
legislature Thursday afternoon:

Nothing exciting marked the fight  
between Durant and Ada, in the loca-  
tion of the Southeastern normal,  
created by the Durant-Bryant house  
bill No. 25, which went through to  
final passage in the house yesterday  
afternoon.

The contest was no more than an  
agreement, each side signing the ar-  
ticles and the bill began.

Ratliiff moved to strike out the word  
Durant, where it occurred in the bill.

Insert the word Ada. To expedite  
the passage both sides agreed that in-  
stead of offering an amendment each  
time of the word Ada, that one  
amendment would suffice: "and the sup-  
porters of the Durant in-"

sections.

of passage to final reading was pro-  
nounced, McCalla, Durant and Hud-  
dleston crying for recognition, sprang  
to their feet.

McCalla said that this was the sec-  
ond when Chairman Harrison called  
time Ratliiff opened the battle by es-  
pousing the claims of Ada for the  
place.

Durant followed with a short plea  
for his home city, and Tate, in a few  
words, closed the argument, Ewell,  
one of the authors of the bill declin-  
ed the honor of speaking to the cause  
and moved to vote on the question of  
amending the bill to read Ada instead  
of Durant. Ratliiff lost and a motion  
and time he had been placed in the  
position of asking for recognition  
and he demanded it.

Tillotson, seeing he was beaten,  
asked a compromise recognition and  
made the motion. McCalla intended to  
make, had he been recognized, "to  
reconsider and lay the motion on the  
table." This put the bill away for the  
present, where the enemies' arrows  
cannot touch it.

Almost the entire day was consum-  
ed with house bill No. 167, the reve-  
nue bill. The original printed bill  
covers 117 pages, and there are com-  
mittee amendments to it.

## Afternoon Papers Best.

In the San Francisco Bulletin of  
January 23 there appeared an inter-  
view with Walter Grace, the head of  
the publicity department or one of  
Chicago's largest department stores.

From an advertising standpoint—a  
matter which he must have consid-  
ered well, since his employers pay  
him \$15,000 a year—he has already  
made his decision in connection with  
evening papers. He says:

"The house I represent would never  
think of giving preferential advertising  
to a morning paper

"The evening papers get to the  
homes at the right time for careful  
perusal, and practically fill all the  
needs of the progressive advertiser

"Offhand, I should say our evening  
space is 60 per cent more than morn-  
ing space, and at times, on special  
drives, we confine our publicity sole-  
ly to the evening press

"We have found it the logical  
medium

"Throughout the East the evening  
papers are the leaders in advertising  
copy simply because they are the  
leaders in bringing results"

## Taft RIDES THE GOAT.

President-Elect Is Made Mason at  
Night.

Cincinnati, O., Feb. 18.—President-  
Taft arrived from Washington,  
went to the residence of  
he had an ap-  
pointed consisting of one from each  
of the four wards and the president  
to be a member of said committee,  
and that said committee be instructed  
with a democratic primary election  
the candidates for the vari-  
ous offices of the City of Ada. The  
committee as such

## NOT A BIT OF IT.

The city of Ada, by no means  
regards that it has lost the lo-  
cation of the Southeastern State  
Normal. It continues to believe  
in the justness of its cause and  
the ability and integrity of the  
majority of the entire legisla-  
ture.

At first blush, it would appear  
on the face that Durant has se-  
cured a decided advantage over  
Ada in the normal contest  
through the victory it achieved  
by republican duplicity on yes-  
terday in the House of the legis-  
lature, but a careful scrutiny in-  
to the logic of the situation  
which confronts the completion  
of that part of the public build-  
ing legislation already passed on  
in the house and the knowledge  
of the temper of the organiza-  
tions of the legislature and prob-  
ably the administration on ac-  
count of the republican program  
of the house being responsible  
for Durant's victory over Ada,  
affords a stable confidence that  
final windup of the public build-  
ing location deal will not be un-  
satisfactory to Ada.

Even if the city of Ada and  
Pontotoc county did not consider  
from the standpoint of practical  
security, that it was worth  
the whistle to fight to the last  
ditch for the location of the  
Southeastern State Normal, it  
would be foolish for other sub-  
stantial reasons to consider ser-  
iously, for a moment, the pro-  
pensity of weakening to the small-  
est degree.

The city of Ada and this coun-  
ty are commercial and political  
units to be reckoned with and  
the state should be afforded full  
information that there is no  
such word as "laydown" in our  
dictionary of practical daily  
usages.

## DEMOCRATIC ELECTION HAS BEEN ORDERED

On Thursday Feb. 18, 1909, at 8  
o'clock p. m. pursuant to previous  
call, the Democratic Club of the City  
of Ada, met at the County Court  
House.

The House was called to order by  
former vice president of the club,  
J. Little

D. W. Swaffar was elected tempor-  
ary secretary

By a motion the Club elected officers  
for the ensuing year which re-  
sulted in the election of the fol-  
lowing officers

President: L. J. Little, Vice Presi-  
dent: W. D. Jones, Secretary: D. W.  
Swaffar, Sergeant at Arms, Hon. J. P.

Motion by Crawford, and was car-  
ried that a committee of five be ap-  
pointed consisting of one from each  
of the four wards and the president  
to be a member of said committee,  
and that said committee be instructed  
with a democratic primary election  
the candidates for the vari-  
ous offices of the City of Ada. The

## OKLAHOMAN REPORT

This Dope Writer Says Vote was Non-  
Partisan—Above Political  
Thought—Rate.

Guthrie, Okla., Feb. 18.—Like a well  
organized and drilled army the forces  
in the lower house behind the move-  
ment for the immediate location of  
several public institutions won ano-  
ther victory today and passed to third  
reading and final passage the bill by  
Durant of Bryan county locating the  
Southeastern normal at Durant. The  
bill was passed by a pre-arranged  
plan between the Durant advocates  
and the Ada forces, the only competi-  
tor of the southeastern city for the  
normal, to fight the matter out square-  
ly on the floor. The decisive vote  
stood 60 to 41.

The bill carried an appropriation of  
\$100,000 but on motion of Durant this  
was cut to \$25,000. This is believed to  
have resulted from the plan or  
"slate" made by which eleven insti-  
tutions are to be located with small  
appropriations

It had been arranged by the Ada  
and Durant forces that the Southeast-  
ern normal bill should come up at 3  
o'clock. Promptly at that time, E. S.  
Ratliiff of Pontotoc, leader in the fight  
for Ada, moved that the bill by Du-  
rant of Bryan, locating the normal at  
Durant, be taken up. Durant, second-  
ed. The motion carried and debate

was limited to one hour. The bill was  
read, and Huddleston of Pontotoc sub-  
stituted Ada for Durant. Ratliiff sec-  
onded. Speeches were made, and on  
motion of Ewell of Bryan to table  
Huddleston's substitute the decisive  
vote was taken, showing that Durant  
had 60 votes.

As on the final passage of the Chick-  
asha bill yesterday the recognized  
house leaders, Tillotson, Dunn, Ross,  
Harrison and others voted against the  
location, and the Durant-McCalla com-  
bination is clearly in control of the  
public buildings matter.

As yesterday, also a large number  
of the republicans voted for Durant,  
indicating that the public buildings  
location has risen for the moment  
above politics

Previous to the vote to table, Ratliiff  
opened the debate for Ada. He con-  
tended that Ada is nearer the center  
of population of the southeastern  
part of the state than Durant, which  
he declared, was in a better position  
to ask for a state normal from Texas  
as it is only sixteen miles from Texas  
line. He also stated that Ada is 1,100  
feet above sea level, Durant 700 and  
offered to furnish brick at cost for  
the construction of the building.

L. Rosenfeld returned today from  
St. Louis markets, where he pur-  
chased a large stock of spring and  
summer goods. Mrs. Rosenfeld and  
Miss Adams, will remain in that city  
for several days.

Are you troubled with (blue devils) the Harry Scott Co. guarantees a cure in their musical farce, "New Husband," which is to be staged Saturday night April 20th at the Ada Opera house. No one who the full grown man who attempts to pose as a boy in the care of a tudent and who afterwards marries the man whose son he so cleverly impersonates, can suppress the laughter occasion evokes, and he is only of half a score of mirth provoking characters that rush through the scenes of the piece. The music lyrics are fitting accompaniments to the clever book and enhance the entertainment.

Citizens of Ada who have friends relatives visiting them, or when they go elsewhere on a visit, will do a favor on the News by calling up No. 4 and phoning the information. dtf

Muskogee, Okla., Feb. 18.—Faithful to his family duties even in time of court session is J. A. Bailey who is a member of the jury trying the case of the Wagster sisters who are charged with arson. When Judge King of the district court adjourned court this morning and ordered the jury to a hotel for the night, Bailey lifted his hat in earnest petition, and begged that he be allowed to go home to milk the family cow. His plea touched the heart of the judge and Bailey was given an hour to go home and do the milking.

### SENATE DELAYS CONSIDERATION

ALL OTHER MEASURES OF STATE  
IMPORTANCE FIRST.

### AGREEMENT IS REACHED

Solons Believe Location of Institutions to Be Small Matter Compared With Other Problems Now Before Legislature.

Not until all the other bills that are of state wide importance are considered will there be any public building measures acted upon by the senate.

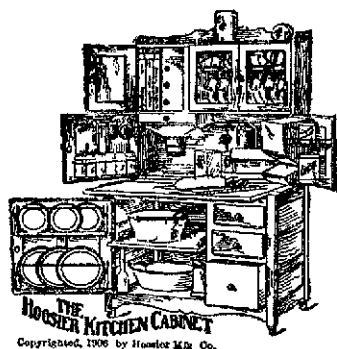

This was the agreement reached yesterday by the members.

With the belief that there is a vast number of bills that will affect the citizens of the state more than the locating of these buildings and that it is their duty to attend to these wants before acting upon minor matters the members of the upper house have taken the stand against location.

If there is time after these important bills have been passed upon the buildings will have a show till there may possibly be a few days hold over session which favors their chances, but if not and time is short then the bills go by the wayside for the present.

National Lottery for Cuba.  
Having been a bill to establish a national lottery to increase the national revenue has been introduced in congress. The bill provides for the emission of tickets to the amount of \$1,000,000 annually for three years. It was referred to a committee.

## RATLIFF AND DURANT FIGHT FOR HOME TOWNS.

## DEBATES ARE LIMITED

Appropriation for Southeastern School  
Is Cut to \$75,000—Long, General  
Revenue Bill Engages Attention  
of House Almost  
All Day.

The above heading and the following article is a replica of the full report of the ~~the~~ normal contest occurring in the house of the legislature Thursday afternoon:

Nothing exciting marked the fight between Durant and Ada, in the location of the Southeastern normal, created by the Durant-Bryant house bill No. 25, which went through to final passage in the house yesterday afternoon.

The contest was no more than an agreement, each side signing the articles and the bill began.

Ratliiff moved to strike out the word Durant, where it occurred in the bill

to insert the word Ada. To expedite the passage both sides agreed that instead of offering an amendment each time of the word Ada, that one amendment would suffice: "the supporters of the Durant in"

Debate were limited to reconsider, which Durant moved the sections.

Section 3, approp the school and f the amendments' seconded.

of passage to final reading was pronounced, McCalla, Durant and Huddleston crying for recognition, sprang to their feet.

McCalla said that this was the second when Chairman Harrison called time Ratliiff opened the battle by espousing the claims of Ada for the place.

Durant followed with a short plea for his home city, and Tate, in a few words, closed the argument, Ewell, one of the authors of the bill declined the honor of speaking to the cause and moved to vote on the question of amending the bill to read Ada instead of Durant. Ratliiff lost and a motion on time he had been placed in the position of asking for recognition and he demanded it.

Tillotson, seeing he was beaten, asked a compromise recognition and made the motion. McCalla intended to make, had he been recognized, "to reconsider and lay the motion on the table." This put the bill away for the present, where the enemies' arrows cannot touch it.

Almost the entire day was consumed with house bill No. 167, the revenue bill. The original printed bill covers 117 pages, and there are committee amendments to it

## Afternoon Papers Best.

In the San Francisco Bulletin of January 23 there appeared an interview with Walter Grace, the head of the publicity department or one of Chicago's largest department stores.

From an advertising standpoint—a matter which he must have considered well, since his employers pay him \$15,000 a year—he has already made his decision in connection with evening papers. He says:

"The house I represent would never think of giving preferential advertising to a morning paper

"The evening papers get to the homes at the right time for careful perusal, and practically fill all the needs of the progressive advertiser

"Ofhand, I should say our evening space is 60 per cent more than morning space, and at times, on special drives, we confine our publicity solely to the evening press

"We have found it the logical medium

"Throughout the East the evening papers are the leaders in advertising copy simply because they are the leaders in bringing results"

## NOT A BIT OF IT.

The city of Ada, by no means regards that it has lost the location of the Southeastern State Normal. It continues to believe in the justness of its cause and the ability and integrity of the majority of the entire legislature.

At first blush, it would appear on the face that Durant has secured a decided advantage over Ada in the normal contest through the victory it achieved by republican duplicity on yesterday in the House of the legislature, but a careful scrutiny into the logic of the situation which confronts the completion of that part of the public building legislation already passed on in the house and the knowledge of the temper of the organizations of the legislature and probably the administration on account of the republican program of the house being responsible for Durant's victory over Ada, affords a stable confidence that final windup of the public building location deal will not be unsatisfactory to Ada.

Even if the city of Ada and Pontotoc county did not consider from the standpoint of practical security, that it was worth the while to fight to the last ditch for the location of the Southeastern State Normal, it would be foolish for other substantial reasons to consider seriously, for a moment, the probability of weakening to the smallest degree.

The city of Ada and this county are commercial and political units to be reckoned with and the state should be afforded full information that there is no such word as "laydown" in our dictionary of practical daily usages.

## DEMOCRATIC ELECTION HAS BEEN ORDERED

On Thursday Feb. 18, 1909, at 8 o'clock p. m. pursuant to previous call, the Democratic Club of the City of Ada, met at the County Court House.

The House was called to order by former vice president of the club, J. Little

D. W. Swaffar was elected temporary secretary

By a motion the Club elected officers for the ensuing year which resulted in the election of the following officers:

President: L. J. Little, Vice President: W. B. Jones, Secretary: D. W. Swaffar, Sergeant at Arms: Hon. J. P. Crawford

Motion by Crawford, and was carried that a committee of five be appointed consisting of one from each of the four wards and the president to be a member of said committee, and that said committee be instructed to call a democratic primary election for the City of Ada. The committee retired and ignored him

## OKLAHOMAN REPORT

This Dope Writer Says Vote was Non-Partisan—Above Political Thought—Rate.

Guthrie, Okla., Feb. 18.—Like a well organized and drilled army the forces in the lower house behind the movement for the immediate location of several public institutions won another victory today and passed to third reading and final passage the bill by Durant of Bryan county locating the Southeastern normal at Durant. The bill was passed by a pre-arranged plan between the Durant advocates and the Ada forces, the only competitor of the southeastern city for the normal, to fight the matter out square ly on the floor. The decisive vote stood 60 to 41.

The bill carried an appropriation of \$100,000 but on motion of Durant this was cut to \$25,000. This is believed to have resulted from the plan or "slate" made by which eleven institutions are to be located with small appropriations

It had been arranged by the Ada and Durant forces that the Southeastern normal bill should come up at 3 o'clock. Promptly at that time, E. S. Ratliiff of Pontotoc, leader in the fight for Ada, moved that the bill by Durant of Bryan, locating the normal at Durant, be taken up. Durant, seconded. The motion carried and debate

was limited to one hour. The bill was read, and Huddleston of Pontotoc substituted Ada for Durant. Ratliiff seconded. Speeches were made, and on motion of Ewell of Bryan to table Huddleston's substitute the decisive vote was taken, showing that Durant had 60 votes.

As on the final passage of the Chickasha bill yesterday the recognized house leaders, Tillotson, Dunn, Ross, Harrison and others voted against the location, and the Durant-McCalla combination is clearly in control of the public buildings matter.

As yesterday, also a large number of the republicans voted for Durant, indicating that the public buildings location has risen for the moment above politics

Previous to the vote to table, Ratliiff opened the debate for Ada. He contended that Ada is nearer the center of population of the southeastern part of the state than Durant, which he declared, was in a better position to ask for a state normal from Texas as it is only sixteen miles from Texas line. He also stated that Ada is 1,100 feet above sea level, Durant 700 and offered to furnish brick at cost for the construction of the building.

L. Rosenfield returned today from St. Louis markets, where he purchased a large stock of spring and summer goods. Mrs. Rosenfield and Miss Adams will remain in that city for several days.

### SENATE DELAYS CONSIDERATION

ALL OTHER MEASURES OF STATE IMPORTANCE FIRST.

### AGREEMENT IS REACHED

Solons Believe Location of Institutions to Be Small Matter Compared With Other Problems Now Before Legislature.

Not until all the other bills that are of state wide importance are considered will there be any public building measures acted upon by the senate.

This was the agreement reached yesterday by the members.

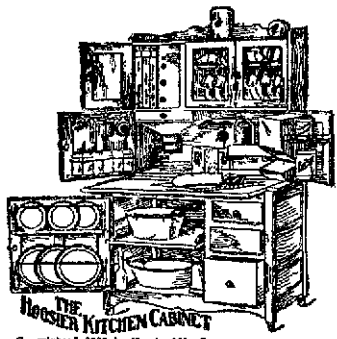

With the belief that there is a vast number of bills that will affect the citizens of the state more than the locating of these buildings and that it is their duty to attend to these wants before acting upon minor matters the members of the upper house have taken the stand against location.

If there is time after these important bills have been passed upon the buildings will have a show and there may possibly be a few days hold over session which favors their chances, but if not and time is short then the bills go by the wayside for the present.

DOING THEIR DUTY.

Scores of Ada Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidney's duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow.

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

Ada people endorse our claim.

William Tolson, Okla. Ave. and E. First St. Sulphur, Okla. says:

About two years ago my kidneys became disordered. The kidney excretions were unnatural and irregular in passage and this coupled with backache made me miserable.

A few boxes of Doan's Kidney Pills cured me. I have had occasional backaches since due to exposure to all kinds of weather but a few doses of Doan's Kidney Pills have never failed to dispel my trouble. By experience I have found that this remedy is one that can always be relied upon to give relief.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
